Annexure B – Revision 1 – Final Selection Standards.

Annexure B- Revision 1- 01 March 2023, refers.

Final Selection Standards.

1. Invited Provincial crews will compete at the National Selection regatta on 12 to 14 May 2023.
2. The winning provincial crews in the applicable boat classes at the National Selection Regatta held on 12 and 14 May 2023, will be assessed against a standardization factor percentage of 2,5% off the fastest crew of the day, ranked according to World's Best Times for automatic qualification.
3. The athletes in any provincial crew winning its individual boat class and finishing within 2,5% of the top performing boat of the race are automatically selected.
4. Crews will need to achieve the standard once during the regatta.
5. The selection panel (Junior IC and RowSA IC) will discuss the merits of any boat winning its boat class but are outside of 2,5%. Such discussion will be guided by an analysis of the crew's performance in training together with the broader objectives of RowSA which will include development, transformation, and gender strategies.
6. On selection, the provincial athletes will fall under the authority of the Junior International Commission, who will appoint coaches and manage the final preparation phase for the U19 World Rowing Junior Championships.

Yours sincerely,
